# Nirali Parikh

I'm an aspiring full-stack developer with a passion for automation and building dynamic, user-friendly websites looking to secure a junior role. I am eager to learn and have completed various in-person and online courses that have equipped me with the necessary technical skills to confidently enter my first professional role. I'm proficient in HTML, CSS, JavaScript (including React), and I have experience with Python, Django, and DRF. Through completing various projects, I have gained valuable hands-on experience and I am confident in my ability to work collaboratively and take direction from senior team members. As such, I am eager to join a team where I can contribute my skills and continue to grow as a developer.

## Experience

### September 2022 - April 2023

She Codes Plus | Perth, WA

#### Student

- Built a responsive portfolio using HTML/CSS
- Learned Python principles through building a weather app
- Used Django to build a blog/news website
- Learned Django Rest Framework through building the backend of a crowdfunding application
- Built crowdfunding application frontend using React and integrated backend and frontend
- Version control using GitHub and GitHub Desktop
- Group project (comparison shopping list) using all above principles.
- Currently preparing for AWS certification (independent)

### February 2022 - July 2022

shecodes.io | Online

#### Student

- Built several apps/web pages using HTML, CSS, JavaScript, and React
- Learned principles of responsive design, hosting, API integration, deployment, and SEO
- Learned basics of Bootstrap, GitHub, and VS Code
- Supplemented SheCodes React with Udemy Course "React - The Complete Guide (incl Hooks, React Router, Redux)"

### January 2021 - current

Dr7 Physiotherapy & Podiatry, Prime Podiatry | Perth, WA

#### Podiatrist

- Delivered patient-centered, evidence-based care in a private clinic
- Developed skills in assessment, diagnosis, management, and treatment of common podiatric conditions
- Gained experience managing podiatric care at several aged care facilities
- Expanded clinical skills in diabetic foot education, and local wound care
- First Aid certified (HLTAID003, HLTAID002, HLTAID001)
